THE ANNUAL MEETING CHAMBER OF COMMERCE

Session Was a Most
Enthusiastic One.

OVER 100 PRESENT.

Reports of President and Secretary Showed That Organization Had Been Most Active During First Ten Months of Its Existence—The Committee Reports Also Inspiring—Healthy Membership and Sound Financial Condition—New Directors Elected.

More than one hundred of the most prominent and influential citizens of the city were present in the Elks' Club rooms last evening when President Justice called the annual meeting of the Chamber of Commerce to order. Those present were in an enthusiastic mood when the meeting began and enthusiasm was at its height when the meeting was over and the members had grasped some idea of the magnitude of the work accomplished during the first ten months of the existence of the organization. That they were intensely interested was manifest by the fact that all remained after the meeting adjourned at 11 o'clock to partake of refreshments and informally discuss the work of the Chamber.

The report of the secretary showed that there are at present 436 members, the total income last year being \$3,038.65. The expenditures were \$2,608.74, leaving a balance of \$429.91 in the treasury. This amount does not include the money raised to pay off the indebtedness of the former organization amounting to about \$2,500. The work of the past year was reviewed at length, some extracts from the report being given below.

President Justice presented a comprehensive report, dealing especially with a comparison of the census report of Guilford and Greensboro with other counties and cities in the state and the problem of freight transportation. He pointed out that Guilford's increase was greater than that of Wake and Mecklenburg combined and the increase in Greensboro was exceeded only by Charlotte, Winston and Durham, and each city had been enlarged quite materially by extending the corporate limits. He declared that he believed had the corporate limits of those cities not been enlarged Greensboro would have made the greatest increase in population of any city in the state.

Touching the rate problem Mr. Justice gave a review of the proceedings that have been instituted in the past and the results. He urged that another step be taken to secure relief. He said:

"It follows from what I have said that, in my opinion, we could get relief from the abuses if the people could get control of the Interstate Commerce Commission or of Congress. The trouble has been that a majority of those who hold these offices have looked with favor upon all the railroads, which are compact organizations, and which are well informed; and have presumed that the people would not know the truth about where the trouble is, or would not understand what the remedy is, or would be indifferent about punishing those who were elected by the people and failed to serve them. I trust that the day is not far distant when the facts with regard to this question will be so thoroughly understood by the people that they cannot be deceived, and will not be indifferent. If they know the remedy and are sufficiently aroused to demand it, relief will come. It is up to the Chamber of Commerce of Greensboro and all other commercial and business organizations within the State to know the remedy, and to press the fight until victory rewards their efforts."

In speaking of the work of the Chamber of Commerce Mr. Justice said: "I would not let this opportunity pass without telling you how untiring, methodical, and capable your secretary has been. You have paid him a salary that has justified him in devoting his time to the affairs of the Chamber of Commerce, and the wisdom of this course is beyond question."

The reports of the several committees were then heard, each one being greeted with enthusiastic applause. Especially pleasing were the reports of the sanitation committee, the good roads committee and the convention committee, each showing that the members had been

quite active.

A committee, composed of Messrs. R. C. Hood, C. M. Vanstoy, R. D. Douglas, J. I. Newman and C. A. Hines, was appointed to nominate directors for the ensuing year. While the committee was out there were short talks by C. H. Ireland, A. M. Seales, A. L. Brooks, J. J. Phoenix, Dr. J. T. J. Battle, E. C. Deal and others. Mr. Ireland stressed the need of additional railroad facilities and stated that prominent men were contemplating the erection of a road connecting Durham and Winston, via Greensboro. He urged the appointment of a committee to lend every encouragement to the promoters. Messrs. C. H. Ireland, J. J. Phoenix and C. H. McKnight were appointed to co-operate. Mr. Ireland also spoke of the educational facilities throughout the county and endorsed the movement for better roads. Mr. Deal spoke of the disadvantage Greensboro has because of the widespread report that she had 42,000 population, while the census figures showed so differently. He gave many helpful suggestions along lines of work that would tend to upbuild the city.

The chamber adopted resolutions asking the County Commissioners to have Guilford's representatives pass a law empowering the county to vote a bond issue not exceeding \$150,000 for good roads.

The following directors were recommended by the committee and unanimously elected: E. J. Justice, J. T. J. Battle, E. C. Deal, E. P. Wharton, Paul C. Lindley, G. S. Sergeant, C. G. Wright, G. Daniel, J. B. Stroud, G. H. Miles, W. A. Hewitt, J. I. Foust, C. D. Benbow, C. H. McKnight, J. W. Fry, Neil Ellington, E. J. Stafford, J. W. Cone, M. W. Thompson, R. D. Douglas.

After the business session refreshments, consisting of ham and cheese sandwiches, coffee, pickles, cigars, etc., were served.

The following extracts are taken from the report of Secretary McLean:

"One of the first important matters considered by the Board of Directors was that of railroad freight rates, resolutions were adopted and forwarded to our senators and congressmen calling their attention to the discrimination in freight rates against Greensboro and other North Carolina cities in favor of Virginia cities urging the correction of this unjust handicap under which we are laboring. Congress made some changes giving the Interstate Commerce Commission certain rights in regard to the long and short haul, but what effect this new law will have remains to be seen after being put into operation. Give Greensboro the same (no better) freight rates than the Virginia cities have and Greensboro will make such rapid strides along all lines that no one will have cause to complain. We have the geographical location, we have the climate, and we have as good people as ever lived."

"On December the 12th the Chamber of Commerce called a meeting of the citizens of Greensboro and Guilford county for the purpose of organizing a Guilford County Good Roads Association, which association was duly organized, and gives promise of much future usefulness."

"We have made special efforts to get our furniture factories re-opened, one of the buildings of the Greensboro Furniture Company is now being operated, office devices being the line manufactured. Negotiations are now in progress for the sale of the Gate City plant to parties who will begin operation right away if the deal is consummated."

"The Chamber of Commerce made an effort to secure the erection of one of the auxiliary plants of the Southern Power Company, and it is with no little degree of satisfaction to every one that this mammoth plant is now in course of construction within our city limits."

"Greensboro continues to be a favorite convention city. It was honored with several large and influential conventions last year, and several are now booked for the year 1911."

"Greensboro is now on a firmer and more substantial basis than ever in its history, no failures of any consequence have occurred within the past twelve months."

"The work of such an organization as ours is as much negative as positive. A great deal of correspondence is received, many inquiries made which hold out bright prospects, but upon investigation

prove to be some scheme. We have been particular to answer all correspondence promptly, and to investigate thoroughly all propositions brought to our notice."

"The great need of our city today is more diversified manufactures, giving us more and larger pay rolls. That which will enable us most in securing additional factories is additional railroad facilities, and equitable freight rates, and to this end every business man in our city should bend his efforts, and not rest on his oars until this is accomplished."

"The last of December we issued a booklet advertising Greensboro and Guilford county, and in the first week in January we inserted advertisements in a few northern papers, and have received and are still receiving inquiries from these advertisements."

"Your organization would be able to accomplish much more if we had an office on Elm street on the ground floor, making it more public and more accessible not only to strangers but to our own members and citizens."

"The matter of an uptown ticket office was taken up with the Southern Railway officials, and resulted in their making arrangements by which the ticket office at the depot is now kept open all day, which I think is entirely satisfactory to the public."

"At the request of some of our wholesale merchants the Southern Express Company was asked to give additional express service between here and Goldsboro which matter they now have under consideration."

"The fact that Greensboro was discriminated against in telegraph rates from Washington to other points in North Carolina was brought to our attention several months ago, we endeavored to have this righted by the telegraph companies themselves, but were unable to do so, therefore took the matter up with the Interstate Commerce Commission where it is now pending."

MILL GIRLS TORTURED?

Forced to Stud Neckwear With Pins, Declares Miss Johnson in Suffrage Plea.

Philadelphia, Jan. 17.—Making a plea for woman suffrage yesterday, Miss Marjorie Johnson, a social worker and suffragette, painted a gruesome picture of conditions which, she declared, exist in factories in this and other countries.

"Many girls in factories," she said, "wear collars that are spiked with pins so that when their heads grow heavy the pins will prick their throats and keep them awake. It is a common sight to see their collars covered with blood at the end of the day."

Miss Johnson addressed a meeting of the Twenty-seventh Ward Equal Suffrage League, held at the home of Miss Mary Atkinson, 4106 Locust street. She is a member of the Consumers' League of New York, and has frequently obtained employment in factories to study the working conditions of women.

She declared that conditions will never undergo a change for the better until women are given the ballot. In the course of her address she told of instances of suffering she had witnessed while working in mills and factories.

"Once," she said, "a young girl who had been up all night with her sick mother ran a needle into her finger while at work. The foreman swore at her for taking up his time, and then cut out the needle with an ordinary penknife. When she fell exhausted to the floor, he let her lie there until she regained consciousness."

Miss Johnson said that many factories have adopted the blacklisting plan. "Once a girl is discharged," she declared, "it is almost impossible for her to find work in another factory. A girl I knew had been blacklisted, and after vainly trying to get a position she committed suicide."

Speaking of the white-slave traffic Miss Johnson said it is closely allied with politics. Philadelphia, she said, is the "feeding ground" for New York.

IN SUPERIOR COURT

Verdict For Plaintiff In Case Against American Suburban Corporation.

In Guilford Superior court yesterday afternoon the jury in the case of J. W. Anderson vs. American Suburban Corporation returned a verdict giving the plaintiff \$700 and interest, being the amount asked for. The suit was regarding the carrying out of a contract made in selling a lot at Piedmont Heights some years ago.

Florence McIntyre was granted a divorce from L. E. McIntyre.

Just before court adjourned for the day the case of Harriet Sharpe vs. Southern Railway Company, the second on the calendar, was taken up, but little evidence being introduced before court adjourned for the day. The hearing will be resumed this morning.

NEW CHARTER BECOMES LAW

Subject to Vote of
Greensboro Voters.

House and Senate Ratified the Bill
Creating Commission Form of Government
and Election Will Be Held Feb.

7—Registration Books Open Ten Days
—Other Work in Legislature Yesterday.

Raleigh, Jan. 17.—In the General Assembly today the bill creating the commission plan of government for Greensboro was ratified in both the house and senate and the bill becomes law, subject to ratification by the qualified voters of that city.

Senator Hobgood, of Guilford, in the senate stated that in drafting the bill for a commission form of government for Greensboro by oversight no provision was made for registration for the ratification election to be held by the voters February 7, and he offered a bill remedying the defect, providing for the books to be open 10 days. The bill passed its readings and was ordered sent to the house without engrossment.

The senate convened at 11 o'clock, Rev. M. A. Barber, of Christ church, offering prayer.

New Bills.

Gardner, of Cleveland: Incorporate the North Carolina Interurban Railway Company. Corporations.

Boyd, of Rowan: Appoint state building commission and provide for the erection of an administration building in Raleigh. Public buildings and grounds.

Resolutions and Bills Ratified.

Resolution requesting North Carolina senators and representatives to oppose to vote for New Orleans as the site for holding the world's fair.

Joint resolution inviting Hon. Logan W. Page to address the general assembly on good roads in January 28th.

Prohibit the sale of near beer in Macon county.

Incorporate city of Greensboro under commission form of government.

House.

The house met at the usual hour, Rev. Mr. Wilcox making the invocation.

Petition.

Koonce, of Onslow: From W. C. T. U. against near beer and asking Federal prohibition; also against netting in Balls river.

New Bills.

Roberts, of Buncombe: Protect water power in North Carolina.

Nunn, of Craven: Regulate proceedings against delinquent insurance companies.

Cox, of Randolph: Equalize compensation of clerks in State offices.

Majette, of Tyrrell: For the relief of indigent veterans and widows.

Bills Ratified.

Prohibit sale of near beer in Macon county.

Endorsing New Orleans for the world's fair.

Inviting Logan W. Page to make an address before the general assembly.

Incorporating Greensboro—New charter.

The house had a recess of ten minutes and the senate on hour today waiting for the bill giving Greensboro a commission form of government to be enrolled for ratification in order that ten days might be allowed for keeping the registration books open for the election in that city February 7th.

The house at 12:15 adjourned until 11 o'clock Wednesday.

ALDERMEN MEET

Call Election To Pass On Commission Form of Government.

At a meeting of the Board of Aldermen last night an election to pass on the commission form of government was called for Feb. 7.—The following were named as judges of election: For the first ward J. W. Coppedge, second ward J. B. Minor, third ward F. A. Brooks, fourth ward John H. Rankin, fifth ward Robert Morrison, sixth ward R. A. Gilmer. Maj. W. W. Wood was named as registrar.

At the request of Dr. F. S. Charter, milk and meat inspector, a standing committee from the board to advise with him as to matters coming up in his department was appointed. Those named on the committee were Aldermen Albright, Glascock and Smith.

The session of the board was a brief one, the foregoing being the principal matters of business attended to.

BILL NYE DAY IN PUBLIC SCHOOLS

State Superintendent of Public Instruction Joyner designates Fourth Wednesday in February For Public School Children to Pay Tribute to Dead Humorist's Memory.

Raleigh, Jan. 17.—Wednesday February 22, has been appointed by Hon. J. Y. Joyner, State superintendent of public instruction, as "Bill Nye day" in the public schools of North Carolina. A special hour will be set aside on that day for the teachers to read to the pupils a biography of Bill Nye, and a brief program of his writings will be carried out.

Superintendent Joyner has been in correspondence with the Bill Nye memorial committee of the North Carolina Press Association for some time, and the final arrangements were completed today after a conference with Mr. J. P. Cook, treasurer of the committee. The program for use in the schools, embracing the instructions from the State superintendent to the county superintendents and the teachers, will be sent out by the committee in ample time. Incidentally, the movement contemplates voluntary contributions from the school children to the Bill Nye memorial fund, which is to be applied to the erection of a handsome building at the Stonewall Jackson Manual Training School at Concord. Every child in the State attending a public school, will be asked to bring one penny or more on Thursday following Bill Nye day, which will be applied to this purpose.

Superintendent Joyner is taking most kindly interest in this great movement, and has responded nobly to the petitions of the committee, a co-operation which is heartily appreciated by the committee, as well as all the editors in the State, who are deeply interested in the memorial cause.

FEARS MORMONISM IN THE EAST

Utah Woman Says Female Suffrage Fosters Polygamy.

New York, Jan. 17.—That woman suffrage might give impetus to polygamy in the Eastern States, as she declares it has in the Western States where women vote, is the substance of a letter from Mrs. Elizabeth Cass Goddard, of Utah, to Mrs. Gilbert E. Jones, which was read today at the Anti-Suffrage Conference at the National League for the Civic Education of Women.

Although Mrs. Jones did not reveal the signature, the suffragists had already learned of it and had commented upon it in the Woman's Journal, the official organ of that party.

A portion of the letter reads as follows:

"The curse of Utah is the attitude toward the marriage relation. The Mormon women consider man's instinct for women as a supreme consideration. The men's opinion of woman and their place is too low to repeat. There is really no respect for the welfare of women nor the child born of these unhallowed unions."

"The country at large has no idea of the serious menace to the morals of this country in this growing belief in polygamy, and yet 52 per cent. of Utah women vote."

"Mormonism is growing daily and is more prevalent in the woman suffrage States than in all the other states. I cannot touch upon the dishonesty in politics in this region, as it is very corrupt."

"WHAT MAKES US POOR"

It's the "Trust Parasites," Says John D.'s Pastor.

Cleveland, Jan. 17.—John D. Rockefeller's pastor, Rev. W. W. Bustard, denounced trusts at a meeting of the Men's Union of the Euclid Avenue Baptist church. He spoke about "What Makes Us Poor."

"Most cupboards are like Mother Hubbard's," said Pastor Bustard. "The many are getting the bones from which the few have gnawed the meat. The few have too much money; the many have too much poverty. Yet, natural production is sufficient for all."

"It costs chickens no more to lay eggs than it used to. It is an outrage that the Elgin Board of Trade can meet every Monday and decide prices for the Middle West."

"Trust parasites apply a human law that if you throw two men into the air one will alight on his feet, the other on his head. Most of us come down on our heads."

THE UNIVERSITY TRUSTEES MEET

Recommend Appropriation of \$500,000.

Also Additional Income of \$25,000—State In Report To Legislature That Additional Buildings Must Be Provided If the Institution Is to Increase Its Field of Usefulness—The Needs.

Raleigh, Jan. 17.—The trustees of the University of North Carolina in annual session today received the report of President Venable and that of the committee on memorializing the General Assembly, the principal feature of public interest in which was the recommendation that the University is in special need of increased income and additional buildings, the additional income needed being estimated at \$25,000 and the additional buildings to put the institution on proper footing at \$500,000. The trustees adopted this report and will press upon the Assembly the necessity of coming to the aid of the institution to this extent. The trustees adopted a resolution to the effect that degrees be conferred upon those students of the University who left the institution during 1861-5 for the Civil War. Resolutions paying tributes to Dr. Alexander, of the University faculty and Col. Paul E. Means, member of the board of trustees who have died during the year were adopted. The trustees received report that Governor Woodrow Wilson, New Jersey, has accepted the invitation to deliver the commencement address this spring and Bishop Collin Denay, of Nashville, to deliver the baccalaureate sermon.

President Venable's report showed an enrollment for the past year of 821, this with teaching equipment, he says, adequate for only 350 men. He emphasized the necessity for additional income and equipment and details some of the most pressing as follows: Dormitories, \$100,000; dining room halls, \$40,000; reservoir and filter plant, \$30,000; repairs, \$25,000; enlargement of chapel, \$10,000; physical laboratory, \$50,000; geological laboratory, \$35,000; medical laboratory, \$60,000; recitation building, \$50,000; pharmaceutical laboratory, \$25,000; teachers' building, \$50,000; law building, \$35,000; indebtedness, \$18,500. The present value of the university plant and invested funds is \$1,025,000 and the total appropriations made by the state for the past 115 years is only \$197,000 so that the state now actually owns in the university property valued at \$828,000 more than the state has put into it. He declares that the present condition and equipment of the University and of its finances makes its further development and increase in service impossible.

MRS. HALL'S FUNERAL.

Short Service From Residence This Morning—Funeral Tomorrow Morning In Fayetteville.

The remains of Mrs. Joanna Hall, whose death occurred at the home of Mrs. W. H. Wetmore, 216 South Eugene street, conducted by Rev. Mr. Faulkner which service will precede the usual obsequies to be conducted tomorrow morning from St. John's Episcopal church, Fayetteville, where the body will be taken on the afternoon train today.

Hearing Postponed.

In United States bankruptcy court yesterday the hearing in the case of S. Bryant and S. G. Newland, against whom petitions in bankruptcy were filed some days ago, was continued until Feb. 11. The defendants are connected with the Randleman mills which failed some days ago. An order was signed adjudging on his own petition J. F. Norris, of Hickory, bankrupt. The assets are about \$1,000 and the liabilities \$1,900. The matter was referred to W. C. Ervin, referee, of Morganton.

GIRL IN GOVERNOR'S JOB.

On Duty Between Fort's Going And Wilson's Inauguration.

Trenton Cor. N. Y. Times.
Because of the wording of the State Constitution, which provides that the term of Governor shall end "on the Monday preceding the third Tuesday in January," and the custom of not swearing in the new Executive until noon of the third Tuesday, New Jersey will again this year, as it has done each three years since the adoption of the Constitution in 1846, be without a Governor for 12 hours.

Although she will have no authority whatever to act as Governor, Miss Ida M. Phillips, of this city, stenographer in the executive office, will practically be in charge during those few hours, being the ranking clerk and with no "boss" to direct her actions.

Miss Phillips, who is to be retained by Governor Wilson, has proved herself to be a young woman of clever executive ability, is well able to take care of the mail and other matters of routine business that demand attention and which can be transacted without gubernatorial power. Of course, should the need of a Chief Executive be urgent, there is nothing in the Constitution to prevent Mr. Wilson from taking the oath immediately at the expiration of the retiring Governor's term at midnight on Monday next.

FOLEY'S KIDNEY PILLS

Are tonic in action, quick in results. A special medicine for all kidney and bladder disorders. Mary C. Abbott, Wolfboro, N. H., says: "I was afflicted with a bad case of rheumatism, due to uric acid that my kidneys failed to clear out of my blood. I was so lame in my feet, joints, and back that it was agony for me to step. I used Foley's Kidney Pills for three days when I was able to get up and move about and the pains were all gone. This great change in condition I owe to Foley's Kidney Pills and recommend them to anyone suffering as I have." Howard Gardner.

Imminent Danger.

The great reformer set about to abolish all sinecures. Then he paused and looked worried.

"What's the trouble?" asked the faithful friend.

"I'm up against a paradox," he answered. "When I get through reforming things and abolish all these sinecures, I'll have one myself."—Washington Star.

LEAN CLASS GROWS FAT.

Hot Milk, Hot Luncheons And Afternoon Naps Telling.

New York Times.
The lean class at Public School 21, Mott and Spring Streets, is getting fat. From April to July the average gain per week per child among the 20 or more anaemic children in the class was only 9-100 of a pound, but from September to December the gain was 28-100 of a pound, showing the increasing benefits from student life in the open air with plenty of wholesome food. While in school the children have been under the observation of Dr. I. Ogden Woodruff, and have had everything for their betterment that he could suggest.

In striking contrast to the gains the slim pupils have made when applying themselves to their books is the very small margin of increase in weight in the course of the brief summer vacation. Under the old conditions they were found to have gained an average of only one and one-half hundredths of a pound. However, as there was no loss the pupils started in on the new session far ahead of where they were when first taken from the home conditions to which their anaemic state was at least indirectly traced.

They come to school at 9 o'clock, and first have a glass of milk. Then the work begins, the teacher dividing the 20 into as many grades as are represented in the lean class. So far there have been four distinct grades, and the teacher passes from one teaching level to another as often as necessary. The pupils are just as alert as any one in the school, for none is sick, only because of his emaciated condition he is in danger of contracting disease. But they are not pushed. They work along at pleasure, and if one happens to get tired and drop off to a sleep in the sunshine, there is a low buzz of interested comment on the subject, but no cross-marks against the slumbering pupil and no cross teacher.

At 12:30 o'clock a hot luncheon is served to the youngsters, and at 1 o'clock every one except the teacher stops for a short nap. At 2:45 o'clock there is another glass of milk all around—hot milk in summer, hot in winter—and after this and at several other times in the course of the day short sessions of calisthenics, designed particularly to increase the chest expansion.

While the treatment of these anaemic children is still in the experimental stage, the little pupils have already shown marked improvement in every way.

OLD CROOK CAPTURED.

"Skid" Walker Arrested on Charge of Robbing Baltimore Hotel.

Philadelphia Record.
Broken in health, Joseph Walker, alias "Skid" Walker, considered in his palmy days the most expert pickpocket in this country and Canada, presented a pathetic figure when he was arrested by Detectives O'Connor and Callan on a fugitive warrant from Baltimore, where the old thief, he is bordering on 70 years, is wanted for robbing a hotel. The man was arrested at Broad and Chestnut streets shortly after he arrived in this city from the south, and he did not express any surprise when he was taken into custody and locked up for a hearing today.

"Skid" Walker is well-known not only in this country, but in others, and it was declared that as long as he contented himself with working the light-fingered game he very rarely got into trouble. He worked alone and did not use any of the methods of the present-day pickpockets, who go around in bands of four and six and practically hold up their victims. At the time of the Centennial he was in the heyday of his success, and he had plans made to reap a rich harvest by employing out-of-town pickpockets and general thieves. He rented a house, which was known as the "Thieves' rendezvous." It was discovered by the detectives and raided and the plans of "Skid" went astray. He was released from prison in May and left Baltimore, but not before it was alleged he had "cleaned up some money," to use one of his favorite expressions. Detectives O'Connor and Callan said the old man had no money, being almost penniless, and that now he was too old to work. At one time "Skid" was considered a wealthy man.

A RELIABLE COUGH MEDICINE

Is a valuable friend. Foley's Honey and Tar fulfils this condition exactly. It soothes and relieves the irritation in the throat and loosens up the cold. I have always found it a reliable cough cure." Howard Gardner.

"Lame Leg Well"

"I wish to say that I have used Sloan's Liniment on a lame leg that

has given me much trouble for six months. It was so bad that I couldn't walk sometimes for a week. I tried doctors' medicine and had a rubber bandage for my leg, and bought everything that I heard of, but they all did me no good, until at last I was persuaded to try Sloan's Liniment. The first application helped it, and in two weeks my leg was well."—A. L. HUNTER, of Hunter, Ala.

Good for Athletes.

Mr. K. GILMAN, instructor of athletics, 417 Warren St., Roxbury, Mass., says:—"I have used

FOLEY'S HONEY AND TAR
Cures Colds; Prevents Pneumonia

ANCIENT EMBALMERS.

Motives Which Impelled the Egyptians to Preserve the Dead.

To appreciate the motives which impelled the ancient Egyptians to invent the art of embalming it is necessary to throw our minds back nearly sixty centuries. Then Egyptians were in the habit of burying their dead in shallow holes scraped in the soil immediately beyond the limits of the narrow strip of cultivated land. As the result of placing the body in hot dry sand it frequently happened that, instead of undergoing a process of decay, it became desiccated and preserved in an incorruptible form for an indefinite time. The burial of valuable and useful objects with the dead naturally led to grave robbing, which was already common in the earliest known prehistoric times in Egypt. This plundering of graves must have taught the people at large that the forces of nature were often sufficient to preserve a dead body. In this way it became a part of the religion of the Egyptians to regard the preservation of the body as the condition of the attainment of immortality.

The early Egyptians learned that the body when placed in a coffin or buried in a rock tomb usually underwent decomposition. It was a widespread belief that the stone "ate the flesh"—hence the word "sarcophagus." Artificial mummification, therefore, had its origin in an attempt to deprive the grave of its victory.—British Medical Journal.

Saves Two Lives.

"Neither my sister nor myself might be living today, if it had not been for Dr. King's New Discovery," writes A. D. McDonald, of Fayetteville, N. C., R. F. D. No. 8, "for we both had frightful coughs that no other remedy could help. We were told my sister had consumption. She was very weak and had night sweats but your wonderful medicine completely cured us both. It's the best I ever used or heard of." For sore lungs, coughs, colds, hemorrhage, la-grippe, asthma, hay fever, croup, whooping cough,—all bronchial troubles,—its supreme. Trial bottle free. 50c. and \$1.00. Guaranteed by Fariss-Klutzn Drug Co.

Could Be Useful.

"Mamma says that if you could make up your mind to go into papa's business, Arthur, he would very likely consent to our engagement."

"But, my darling girl, I'm a poet."

"That doesn't matter. You could write advertisement rhymes for our stuff."—Fliegende Blätter.

His Talent.

"Is he a great artist?"

"No."

"But he gets good prices for his stuff."

"Yes. He's a great salesman."—Exchange.

The past, like an inspired rhapsodist, fills the theater of everlasting generations with her harmony.—Shelley.

Old Soldier Tortured.

"For years I suffered unspeakable torture from indigestion, constipation and liver trouble," wrote A. K. Smith, a war veteran at Erie, Pa., "but Dr. King's New Life Pills fixed me all right. They are simply great." Try them for any stomach, liver or kidney trouble. Only 25c. at Fariss-Klutzn Drug Co.

Many a girl who sits on a young man's knee later has to sue for support.

For LaGrippe, Coughs and Stuffy Colds Take Foley's Honey and Tar. It gives quick relief and expels the cold from your system. It contains no opiates, is safe and sure. Howard Gardner.

Queer how a girl can brighten a young man's life by turning down the gas.

LOOK FOR THE BEE HIVE

On the package when you buy Foley's Honey and Tar for coughs and colds. None genuine without the Bee Hive. Remember the name, Foley's Honey and Tar and reject any substitute. Howard Gardner.

Lots of people never know right from wrong till they are found out.

Mr. A. G. Coffin says that when he went home Saturday night that he thought, and all his people thought, that he had pneumonia. He rubbed a box of Mother's Joy on his chest, as directed, and went to sleep, and he says the next morning he was entirely well. And he fully believes it broke up a case of pneumonia. All who doubt this will ask Mr. Coffin. For sale by Conyers & Sykes.

Some people say nothing without even sawing wood.

Foley's Kidney Remedy—An Appreciation L. McConnell, Catherine St., Elmira, N. Y., writes: "I wish to express my appreciation of the great good I derived from Foley's Kidney Remedy, which I used for a bad case of kidney trouble. Five bottles did the work most effectively and proved to me beyond doubt it is the most reliable kidney medicine I have ever taken." Howard Gardner.

Woman's Beauty

Some women retain their beauty to an advanced age. But women, who regularly endure pain, age rapidly, for suffering leaves its lasting marks on them.

Nearly all women suffer more or less with some form of female trouble. It should not be neglected. Avoid the pain—treat yourself at home by taking Cardui, as thousands of other women have done. Begin at once and give Cardui a fair trial.

TAKE CARDUI

It Will Help You

Mrs. Katie Burlison, Goreville, Ill., tried Cardui and writes: "I suffered with female troubles, and was so sick I could not stand on my feet. Finally I began to take Cardui, and soon began to mend. Now I am able to do all my housework and am in much better health than I was before." Try it.

Whatever shall be the Supreme Court decision in the trust cases, the decree of an enlightened public opinion in a country where ideals are ever advancing will not be finally set aside because of an error of judgment.

Sylvia Pankhurst, the English suffragist, says she is too busy to get married. That's the objection bachelors have to the whole business of woman's suffrage. We need homes infinitely more than we need voters.

The three most dangerous points on the Atlantic coast are in North Carolina, and not a single harbor of refuge. It is to be hoped that the delegation from the East will be successful in their visit to Washington on behalf of a movement looking toward the establishment of such a place of safety on our coast.

Gov. Emmett O'Neal, the newly inaugurated chief executive of Alabama, says that prohibition is an invasion of individual rights; that virtue cannot be legislated into men's lives; and that prohibition does not prohibit; all of which sounds so familiar and commonplace that if it had been uttered by anyone less than a governor, it is doubtful if it would have gained publicity.

The suffragettes are to have a singing school under the preceptorship of a prima donna. But for what end? Probably to develop a masculine thorax and a dexterous use of the vocal ligaments looking toward a strenuous campaign modeled after the methods of their English cousins. The woman who moves to incorporate a few lullabies and crooning songs into the curriculum, will, no doubt, be promptly ejected as an intruder and an enemy to the cause.

The Columbia State says that South Carolinians are not so vain as to "deny that many states are far in advance of South Carolina in educating its youth." And there are even neighbor states which would be glad to assist, if the welcome necessity should arise, in protecting any of her young and misguided damsels from successful overtures of bigamists and other base and objectionable characters who propose to them that just across the line a "marriage" contract may be consummated without legal hindrance and beyond the restraining power of parents.

The big speculators who have been storing eggs, butter and other produce to raise and keep the prices of provisions

high, now find that the outside supply has caught up; thus they can neither afford to buy more nor to sell at market prices their already accumulated products. They acknowledge that their ruse was a failure and are offering to unload their big cold-storage bins at almost any price. Whether the retailers buy the surplus of the manipulators or not, it looks as if the reason for high prices so long attributed to unholy methods must seek other support. The consumer has a reason now to expect the privilege of enjoying a square meal without danger of absorption by mental anguish of the gastric juices.

CHARGED WITH BIGAMY.

Pomona Man in Jail For Having More Than One Wife—Hearing Monday.

Israel Coble, a white man, of Pomona, is in jail, charged with bigamy, having been arrested on Monday afternoon by Deputy Sheriff McGee. He was placed under a bond of \$300 pending a hearing before Justice of the Peace D. H. Collins next Monday afternoon.

When arrested Coble was living with Mrs. Coble, No. 2, Mrs. Coble No. 1 having learned of his whereabouts and given the officers notification of his illegal conduct. Mrs. Coble No. 1 lives in Stanley county. It is also reported that there is a Mrs. Coble No. 3 living in Cabarrus, but the facts have not been thoroughly investigated as yet. In case there is a third wife then she is No. 2 and the Mrs. Coble living here is wife No. 3. Coble has twice been a widower, having been married no less than five times if all reports are true. He appears to be greatly shocked because of his arrest and denies having a multiplicity of wives, but the officials state that they have strong evidence against the prisoner.

The northern Eskimos have absolutely none of the conveniences of civilization. There is more catarrh in this section of the country than all the other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

RESPOND TO OLD LOVE-SPELL.

Courtship Broken 45 Years Ago, Renewed and Leads to Marriage.

New York, Jan. 17.—Sweethearts of 45 years ago will become man and wife at last, when within the next few days Herman A. Krasman, 65 of Brooklyn, weds Mrs. Elizabeth Gelbach, of New York. Each is 66 years old and she is a great-grandmother.

Their courtship as youth and girl was ended when she came to this country. Krasman followed; but on reaching New York he learned that she had married and it was not long before he did the same. Last February Mrs. Krasman died, and Mrs. Gelbach, a widow several years, became Krasman's housekeeper. The old love was renewed, and today they obtain a marriage license.

Election on the Commission Form of Government.

Official notice of the election on the commission form of government is given in The Telegram this morning. The election will be held Feb. 7. Maj. W. W. Wood has been appointed registrar and will register those whose names do not appear now upon the registration books of the city. For this purpose he will be on duty at the tax collector's office for ten days (Sundays excepted) immediately preceding the election.

NOTICE OF ELECTION.

Under and by virtue of an ordinance of the Board of Aldermen of the City of Greensboro, North Carolina, passed on the 17th day of January, 1911, in pursuance of an act of the General Assembly of North Carolina at its session of 1911, ratified on the 17th day January, 1911, entitled "An Act to incorporate the City of Greensboro and to repeal its present charter and all laws in conflict with this act." Notice is hereby given that a special election will be held for said city at the City Hall in said city, on the first Tuesday in February, 1911, being the 7th day of February, 1911, for the purpose of submitting to the qualified voters of said city the question of whether the act of the General Assembly of North Carolina passed, ratified and entitled as hereinbefore set out, providing for the repeal of the present charter of said city and for a new charter for the same, shall become a law applicable to said City of Greensboro; at which election those qualified voters in favor of said act becoming a law applicable to the city shall vote a ballot upon which shall be written or printed the words "For Commission Form of Government," and those opposing the same shall vote a ballot upon which shall be written or printed the words "Against Commission Form of Government."

That for the purpose of holding said election W. W. Wood has been appointed registrar, and the following have been appointed judges of said election, viz: For the first ward, J. W. Coppedge; for the second ward, J. B. Minor; for the third ward, F. A. Brooks; for the fourth ward, John H. Rankin; for the fifth ward, Robert Morrison; and for the sixth ward, R. A. Gilmer.

And said registrar will keep his registration books open in the tax collector's office at the City Hall in said city for the registration of qualified electors whose names do not appear upon the registration books of said city for ten days (Sundays excepted) immediately preceding said election.

By order of the Board of Aldermen of the City of Greensboro.

JOHN S. MICHAUX,
City Clerk.

COUNTY'S GAIN BY SALARY ACT

Over Ten Thousand Dollars Went Into
School and Road Fund During Last
Fiscal Year As a Result of Gordon
Act—Detailed Statement.

As a result of the operation of the
Gordon salary act more than \$10,000 was
saved by the county during the past
year, \$2,419.34 going into the school
fund and \$7,975.77 being credited to the
road fund. It will be seen from the de-
tailed statement below that the receipts
from the clerk's office were not equal to
the expenditures, this being due to the
establishment of a Recorder's and a Mu-
nicipal court. However, the jail ex-
penses were lessened considerably be-
cause of this.

Auditor Abbott has just completed his
statement of the salary act, the state-
ment following:

Receipts.	
Treasurer's commission	\$ 4,786.03
Sheriff's commission	9,390.10
Fees from R. of Deeds	6,197.50
Fees from C. of court	3,266.24
Fees from jail	2,016.43
Total	\$25,636.30

Salary treasurer	\$ 1,200.00
Salary sheriff and clerk	3,499.96
Salary R. of D. and clerks	3,695.00
Salary C. of C. and clerks	3,800.00
Jail expenses	2,131.73
Special auditing	240.00
Premiums of officers' bonds	674.50
Total	\$15,241.19
Balance	\$10,395.11
School fund	\$2,419.34
Road fund	7,975.77

sociation yesterday afternoon at the
Huffine Hotel, it was decided that Hon.
Locke Craig, who will speak on "North
Carolina," should be asked to deliver
his address near the close of the first
business session on Tuesday morning,
January 24.

At this meeting the first address will
be that of former Judge George P. Pell,
who will welcome the editors to Winst-
on-Salem in his usual happy manner.
Judge Pell was formerly a newspaper
man, he still loves devotedly the work
to which he gave a number of years of
his life, and it is very fitting that he
should have been chosen to deliver this
address. The response will probably be
made by Rev. J. O. Atkinson, of Elon
College, editor of The Christian Sun.

There are a number of addresses set
for the occasion, and for the other busi-
ness session on Wednesday morning,
while considerable time will be devoted
to the informal discussion of practical
matters pertaining to the making of
newspapers.

On Tuesday afternoon the editors will
be taken over the city in automobiles
and will be conducted through some of
Winston-Salem's big factories. On
Tuesday night a smoker will be given in
the Palm room of the Zinzendorf Hot-
el, where the business sessions will like-
wise be held, and during the smoker
some of the ladies of the city will en-
tertain the ladies of the editorial party
in the parlors of the hotel.

On Wednesday afternoon the editors
will be guests at Salem Academy and
College, where a complimentary recital
will be given, refreshments will be serv-
ed, and the visitors shown over the
buildings and grounds by the young la-
dies of the college.

On Wednesday night a reception will
be given at one of the clubs.

On Thursday morning the editorial
party will leave over the Southbound
for Charleston, spending Thursday night
at Florence and Friday and Friday night
in Charleston.

HOWARD GARDNER SUCCESSFUL.

Induced Dr. Howard Gardner to Make
Special Price.

After a great deal of effort and cor-
respondence Howard Gardner succeeded
in getting the Dr. Howard Co. in mak-
ing a special half price introductory of-
fer on their regular fifty cent size of
their celebrated specific for the cure of
constipation and dyspepsia.

This medicine is a recent discovery for
the cure of all diseases of the stomach
and bowels. It not only gives quick re-
lief, but it makes permanent cures.
Dr. Howard's specific has been so re-
markably successful in curing constipa-
tion, dyspepsia, and all liver troubles,
that Howard Gardner is willing to re-
turn the price paid in every case where
it does not give relief.

Headaches, coated tongue, dizziness,
gas on stomach, specks before the eyes,
constipation, and all forms of liver and
stomach trouble are soon cured by this
scientific medicine.

So great is the demand for this specific
that Howard Gardner has been able to
secure only a limited supply, and every
one who is troubled with dyspepsia,
constipation or liver trouble should call
upon him at once, or send 25 cents, and
get sixty doses of the best medicine
ever made, on this special half-price
offer with his personal guarantee to re-
fund the money if it does not cure.

The Famous Rayo

Does Not Strain the Eyes

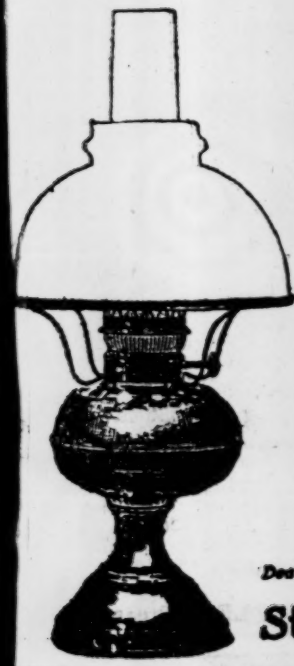

Don't use a small, concentrated light over one shoulder. It puts an unequal strain on your eyes. Use a diffused, soft, mellow light that cannot flicker, that equalizes the work of the eyes, such as the Rayo Lamp gives, and avoid eye strain.

The Rayo is designed to give the best light, and it does.

It has a strong, durable shade-holder that is held firm and true. A new burner gives added strength. Made of solid brass and finished in nickel. Easy to keep polished. The Rayo is low priced, but no other lamp gives a better light at any price.

"That's all right," replied the eminent performer. "My music prevented me from hearing their conversation."—Washington Star.

Solves a Deep Mystery.

"I want to thank you from the bottom of my heart," wrote C. B. Rader, of Lewisburg, W. Va., "for the wonderful double benefit I got from Electric Bitters, in curing me of both a severe case of stomach trouble and of rheumatism, from which I had been an almost helpless sufferer for ten years. It suited my case as though made just for me." For dyspepsia, indigestion, jaundice and to rid the system of kidney poisons that cause rheumatism, Electric Bitters has no equal. Try them. Every bottle is guaranteed to satisfy. Only 50c. at Fariss-Klutz Drug Co.

INFLAMED KIDNEYS

Medical writers declare it incurable after the sixth month whether albumenous or not.

The average man prefers to think of it as "kidney trouble" and lets it go but the census shows this appalling fact—out of 63,000 deaths from kidney troubles the last census year over nine-tenths of them (58,000) took the form called "Bright's Disease" although it is quite probable that nine-tenths of these up to the last moment thought of it as and called it "kidney trouble" when as a matter of fact the only possible hope laid through a specific for Bright's Disease.

There never was one until Fulton worked out his Renal emollient (Fulton's Renal Compound).

Since then inflammation of the kidneys whether albumenous or not or whether called "kidney trouble" or "Bright's Disease" or whether six months or six years old commonly yields.

If you have had kidney trouble over six months no matter what you call it it is the only hope. Efficiency 87 per cent where patients do not wait until bedridden although some of them recover. It can be had in Greensboro at the Fariss-Klutz Drug Co.

We desire to hear from and advise with patients not noting the usual improvement by the third bottle. Literature mailed free. Write John J. Fulton Co., 645 Battery street, San Francisco, Cal.

Why Not a Piano Now in Your Home?

There Is No Reason Why You Shouldn't Have a Piano. We Can Supply Your Needs

The sale of pianos increases each season in our warerooms. Music lovers are realizing that a piano is a necessity in the home. For the children to study—to keep the young folks home—to add an air of refinement.

You have the choice here from a magnificent stock, and no matter what you want, we can supply you.

You can buy the famous Kimball, Hallet & Davis, Conway, Whitney, and other well-known pianos here at reasonable prices and on convenient terms, a little each month or week. Do not deny yourself what you want most.

ABOUT PRICES. If you want the best you can buy at \$260, we have such a piano. Or if you wish to pay less, we can supply you. Then, \$300 will buy a famous Conway or Whitney, while the highest grade pianos—Kimball and Hallet & Davis—sell from \$365 up.

Drop a line for our catalogue and book on piano construction, or, better still, come in and examine the stock. Learn the advantages of our system of marking each piano with the lowest possible price tag.

Electric Bitters

Succeed when everything else fails. In nervous prostration and female weakness they are the supreme remedy, as thousands have testified.

FOR KIDNEY, LIVER AND STOMACH TROUBLE
It is the best medicine ever sold over a druggist's counter.

LOCAL AND PERSONAL.

Those Who Go and Come—Happenings Of Interest Briefly Told.

Misses Florine and Ella Robinson, of Burlington, are visiting their sister, Mrs. W. C. Robinson.

Mr. C. P. Love, of Kernersville, is visiting his sister, Mrs. R. K. Gregory at 218 North Elm street.

Mayor E. J. Stafford and City Clerk John S. Michaux will go to Raleigh this morning to attend a meeting of the Municipal League.

Mr. Zack Hampton has entered the employ of the Observer Company, of Charlotte, and left yesterday morning to enter on the duties of his new position.

Mr. W. B. Enoch, who lost his home on West Lee street in a destructive fire just before Christmas, has purchased the Cartland home on East Bragg street and has moved his family there.

Mrs. C. E. Landreth has returned home from a visit to relatives in Spartanburg, S. C.

Mr. W. E. Harrison, formerly a resident of this place, now of Rockingham, was in the city yesterday.

Mr. J. W. Whitlock, of Salisbury, was a business visitor in the city yesterday.

Mr. J. A. Short, of Pinnacle, has accepted a position under Mr. Martin of the Y. M. C. A.

Dr. C. W. Moseley was called to Dobson yesterday on professional business. He will return to the city today at noon.

Miss Epsie Clapp, of Brick Church, who has been a patient at St. Leo's Hospital, has recovered sufficiently to leave the institution and is visiting her cousin, Mrs. W. G. Lewis.

Mr. A. H. Jones returned yesterday afternoon from a business trip to High Point.

PREPARING FOR REVIVAL

Interchange of Pulpits—Mr. McLarty to Address Mass Meeting.

Next Sunday morning there will be a general interchange of pulpits by the ministers of the city, this arrangement being a part of the program of arrangement for the great simultaneous revival that has been planned.

Sunday afternoon at three o'clock at the First Baptist church, a mass meeting will be addressed by Rev. E. K. McLarty, pastor of West Market Street Methodist church, on the subject "Soul Winning." The Christian people of the city are urged to hear Rev. Mr. McLarty.

Every pastor will occupy his own pulpit at the night service.

An Ostrich Window.

ENTERTAINING PROGRAM

Faculty Recital At Greensboro Female College Last Night Gave Pleasure To Many.

Last evening at Greensboro Female College the most entertaining program of the year was rendered by the faculty of music and expression. In spite of the inclemency of the weather many of the music lovers of the city were present, and, judging from the immense applause, each number was thoroughly appreciated.

The following program was rendered: Bullard, "Ferrara." Mr. F. W. Kraft. Bach-Tausig, "Toccata and Fugue," D minor. Mr. Claude Robeson. Pemberton, "I and My Father-in-Law." Miss Carlotta Perle Mitchell. Schumann, "Faschingschwank aus Wien." Miss Anna Albertson. Russell, "Sunset." Miss Hazel Neff. Chopin, "Scherzo," B sharp minor. Miss Susie Huffines. ANTI-TUBERCULOSIS LEAGUE FOR COLORED PEOPLE

Second Annual Communication To Be Held January 31.
(Communicated.)

The second annual communication of the North Carolina Anti-Tuberculosis League for colored people will be held in the city of Raleigh, Tuesday, January 31, 1911. President Dudley, with the colored physicians and with the assistance of Dr. W. S. Rankin, secretary of the State Board of Health, is arranging a very valuable and instructive program. He is making an effort to reach as far as possible the colored people of the state and impress upon them the importance of better efforts to preserve public health. It is certain that an interest and an active co-operation in this meeting and in the local leagues that are being established throughout the State, will result in better health and a largely reduced death rate among the negroes. For this reason the movement should appeal to all, and especially should the colored leaders, by their presence and their influence, give impetus to the league and its work.

SALOON VALETS IN CHICAGO

"Smart" Buffets Tumble Over Each Other to Adopt New Fashion.

Chicago, Jan. 17.—Barroom valets are to be installed within a month in all the smart Loop district buffets. Already one of the irrigation parlor innovations is at work valeting in a Water street place. A bright young Italian evolved the idea and he has contracted to place his attendants in all the up-to-date places.

The valet will be garbed in conventional black and a white apron. On one arm he will carry a bundle of sanitary napkins and in the other hand a whisk-broom. Stationing himself politely but firmly between the "trade" and the lunch counter, he will supply napkins, brush clothes, wipe shoes, adjust neckties and generally improve personal attire. In return for these services the young man will ask nothing, but a tip will be acceptable and will be dropped into a box. Afterward the boss valet will collect.

Chief Justice Fuller's

estate amounted to about a Million Dollars. Of course he was intimate with many sound financial friends—but he went to a Trust Company and named it as his executor. Why? Because he thought he was going to die, why not his friends die, too, if he appointed them as trustees. He knew that a responsible Trust Company would never die, and that his estate would be properly and safely administered. Being a great lawyer the Chief Justice knew what might happen.

THE GREENSBORO LOAN & TRUST COMPANY solicits your inquiries and would like to explain how it can become your executor and carry out your expressed will.

New Accounts!

We welcome new accounts, whether large or small, and we offer every consideration of courtesy. The policy of this Bank is conservative but progressive. There are comparatively few people who do not handle a sufficient amount of money to warrant opening a check account. It is much more convenient to pay bills by check than to handle the currency.
